# Regulated surface parking areas

Surface Parking Management: regulates parking in the different zones, which are divided according to parking time, blue zone, green zone and SEA zone in the city of Seville.

These three different zones vary in price and parking time: **Blue Zone (High Rotation)**, **MAR Zone (Very High Rotation)** and **Green Zone (Low Rotation)**.

In Seville, as in other cities in Spain, you can pay the parking fee at the different parking meters located in the regulated streets and you can also do it from your mobile phone with Apparkya (available for Android and IOS), the free app to manage your parking, without having to go to the meter, carry coins or queue.
